

COA 690/790 GIS in Marine Science

Guidance for the presentation on final project (May 1, 2017).

This will be counted as 8 pts in your final grade. Take it seriously!

The presentation is expected to include the following sections:

- 1) Informative title (0.5 pt)
- 2) Introduction: Providing background on your research (0.5 pt)
- 3) Objectives and/or hypotheses (1 pt)
- 4) Data and methods: including the map of your study area and **flow diagram** (1 pts)
- 5) Results: including **maps**, tables, and/or figures (3 pts)
- 6) Discussion (1 pt)
- 7) Conclusion (1 pt)

Each of you will have 15-20 minutes to present. Focus on results and discussion.

Send your PowerPoint presentation to me before 12:00 pm Monday (May 1). I can set them up on the computer so the presentation will be smooth.
